TECHNICAL PROJECTS

Gun Violence Cli Gem - *A simpler way to access gun violence data in the US.*
+ Programmed a command line gem that utilizes Nokogiri to scrape gun violence data from the Gun Violence Archive.
+ Examined the HTML of gunviolencearchive.org to pinpoint exactly what data needed to be scraped.

Recipe Share - *The best way to share your favorite Taco recipe.*
+ Used custom CSS to design front end with an emphasis on usability.
+ Built API using Ruby on Rails and the MVC pattern.
+ Used Devise for user authentication and OmniAuth for OAuth authentication with Facebook.
+ Designed database schema and configured ActiveRecord associations.

Lonli - *A safe forum for those dealing with depression and/or anxiety.*
+ Leveraged Chart.js to create a daily mood tracking chart.
+ Assisted in conceptualizing and mocking up project design for team members to follow in Adobe Photoshop.
+ Implemented a database system using Firebase.
+ Coordinated a schedule and delegated tasks in a group of 4 team members.

Raven - *An altruistic app that provides a place for nonprofits to list things they need that individuals can provide.*
+ Used prototyping software Sketch to create an eye-catching and functional front end.
+ Developed app using Angular to maintain a student mentality by reading and understanding the framework's documentation.
+ Diagnosed and solved an unexpected behavior in my code by utilizing Stack Overflow.

TECHNICAL SKILLS

Ruby, Rails, JavaScript, jQuery, HTML5, CSS3, Angular, Mocha, Nokogiri, JSON, Git, SQL,
Sinatra, Test Driven Development, Responsive Design, Git Workflow, and MVC.

EMPLOYMENT HISTORY

Arthur Schlachtman DDS, Los Angeles, CA
Receptionist, *July 2014 - December 2014*
+ Oversaw scheduling of patients by making upwards of 20 phone calls a day.
+ Provided quality customer service and welcomed up to 15 patients daily.
+ Quickly learned computer scheduling and insurance related software systems that calculated costs for patients.

Elliot's Oyster House, Seattle, WA
Hostess, *June 2012 - August 2012*
+ Managed the front of house computer system that dealt with seating locations and scheduling.
+ Assigned tables for guests in a way that insured no one wait staff was overloaded with customers.
+ Remained calm and organized in a high stress environment, often balancing multiple tasks or handling disgruntled customers.
